Fire and Flood Damage

TCMS have carried out various works following the above emergencies. Some of these have included total wash down to all areas and have also been followed by re-painting or even in some cases re-furbishment of the premises.

We are more than aware of the worry and frustration which is caused by the above disasters happening so will try our very best to make our response time to call outs as quickly as we possibly can.

Obviously all these types of work vary greatly, therefore we will be more than happy to plan specific works to meet with the clients own specifications and needs.

Other types of work carried out in this area of clean are:

- Water extraction from carpets
- Total clean down of walls
- Sanitising & deodorising
- Installation of...
